## Internship – Project Development on Frontier Markets

Andersen Consult is looking for an intern interested in supporting our consultants with development of business projects on frontier markets. Andersen Consult is increasing its work load and need to assign a student worker to assist our four field consultants on the day-to-day work.

### The position - possible tasks:

- Identification of new customers
- Support to continued development of online B2B platform ([www.andersenb2b.com](http://www.andersenb2b.com))
- Assisting with funding applications
- Assisting with network facilitation activities
- Assisting with maintaining website, LinkedIn and quarterly newsletter
- Ad hoc administrative tasks

### About you

75% of our external communication is in English and it is therefore essential that you manage both Danish and English fluently in writing and verbally.

We are working with business development on complex markets and expect you to have a basic understanding and interest in business and project development, consultancy services and emerging economies. In addition, you should hold as minimum a relevant Bachelor degree.

We work with clear deadlines and high standards in our work. It is important that you manage to keep deadlines and appointments and deliver a final result in high quality. Our consultants are often out of office on business travels or client meetings. Thus, it is essential that you manage your work independently.

We keep a close and informal dialogue with our customers, and we expect you to be open minded and outgoing.

### What we offer

For the right candidate, Andersen Consult can offer a flexible working place with dedicated and professional colleagues with a good sense of humour.

- Challenging and independent tasks
- High influence on your workday
- Relevant working experience
- Development of relevant business network in both public and private sector
- Starting time is September 1, 2017.

**Application deadline is August 1, 2017.** Please send your application and CV in English to Sanne Kjeldsteen at [sak@andersenconsult.com](mailto:sak@andersenconsult.com).
